Dear Friends:

I want to acknowledge your gift of a box of candy. Thank you very much - it helps to know that your friends think of you and that friends that you have never met, but who are attending Bryant or connected with it, are interested in you.

I entered into Army life on Oct. 5 thru Ft. Custer, Mich. While my wife and I were standing in the Service Club one Saturday evening, I saw Danny Sullivan, Class of '36, of Fall River, Mass.

surely seemed to see a classmate. He had just arrived there also and was there for MP training. Naturally, he was homesome for New England, and his family. I shared some coat hangers with him since his had not yet caught up with him.

I was "Brigaded" out to Finance School at Ft. Benjamin Harrison, Indianapolis, Ind. One morning just as I was finishing chow, a soldier side of me, said, "Isn't this Cone?" Here was Bill Lambert who was supposed to be out

on bromas but had come in for a cold treatment.

I think Bill is of Class '37. He told me Mr. Gutski had been ill. Hope he is in top form again!

I was finally shipped to Camp Grant to a Medical Replacement Training Center. I have had quite a bit of training in hospital work & hope to get into med. Administrative work.

Thanks again for the gift. If you have anything
